PROJECT STATUS REPORT

Project Name	Freight Shield
For Week Ending	06 November 2023
Project Status	[Green ☺ , Yellow 😐 , or Red ☹]
Status Description	The project status is currently yellow as per the following reasons: • Due to the review of Hi-Fi prototype and the nature of agile workflow. Time Constrained. • As team dives deeper, the project is getting more complex

Activities—During the Past Week

- Finished First Hi-Fi Prototype
- Some generic pages are implemented
- Met with customers and review
- Met with mentor
- Timeline Generated
- Grantt Chart Generated for closer look
- Use Case Diagram
- Sequence Diagram

Activities—Planned for Next Week

Building Rest of Pages (workload doubled)
Finish high level Figma (No more iteration due to time constraint)

Project Issues

There is another problem with git pull, a specific component file name is being changed
Status: No fix yet

Project Changes

More data needs to be saved in the database as per users/customers (Carrier and Shipper)
